INFINITY NEWS

The latest news and updates from Kemptville Infinity

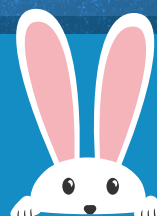

Hoppy Easter, Infinity families! Somebunny appreciates you... and, surprise--it's us! Thank you for being a part of our gym fam.

This month holds lots of *eggs-cellent* fun--make sure you don't miss it.

After report cards went home last month, we are sure you are all anxious to see your athletes in action! We are planning parent viewing open houses during class time the last 2 weeks of June where you can take pics of your athlete doing what they love. More details & schedule to follow.

Also, we are now planning our summer evening class schedule and will be reaching out to see preferred days/times so we can schedule coaches accordingly. Keep an eye out for a survey coming soon!

Summer camp is filling up quickly. Some weeks are already full. Register soon to avoid disappointment. Also, make sure to join the waitlist as we know sometimes plans change and spots open up.

PARKOUR

NEWS

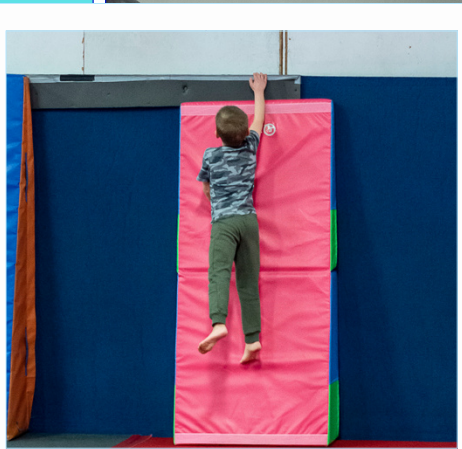

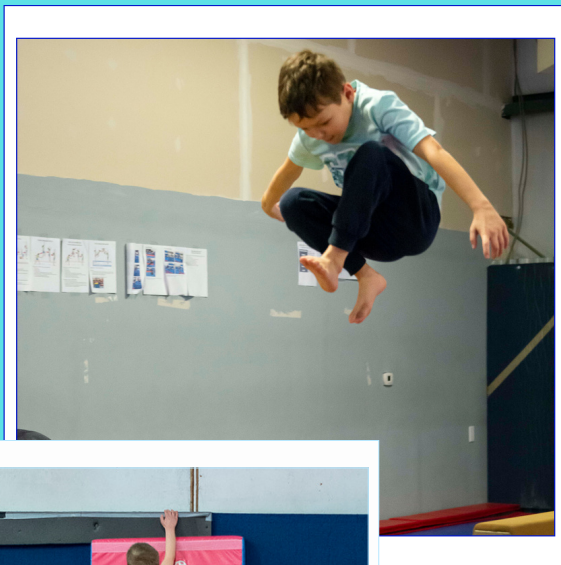

Our Parkour athletes have been working on their skills for report cards.

FUN FACT:

Parkour is also known as **Art du Déplacement**. In this sport, the participants move freely over and through any terrain; running, jumping, climbing and performing the quadrupedal movements.

Parkour involves seeing one's environment in a new way and imaging the potential for navigating it by moving around, across, through, over and under different features and objects. Because Parkour has been developed through military training, it involves some aspects of non-combative martial arts.

The practitioners aim to reach from one point to another in a complex environment, without the help of any assistive equipment (torch, ropes, sticks, etc.) in the most efficient and fastest manner.
